

MAVIK

UNIVERSAL REMOTE CONTROL
FOR VEHICLES

 **KEYLINE**

Innovators by design | Since 1770

A BIANCHI 1770 GROUP COMPANY

MAVIK

Universal remote control for vehicles

Mavik is the new Keyline universal remote control for vehicles, which reproduces the functionality of the original key.

Universal and endlessly reusable, Mavik guarantees maximum operational flexibility. It also allows the programming of most of the car brands in the market, with an application list continually expanding.

Easy and intuitive to use, thanks to the sturdy mechanics and the integrated transponder. Mavik is compatible with on board programming using the main diagnostic devices in the market.

Compact and elegant, with an exclusive Keyline design, combining practicality of use with high quality electronic materials and components. All Proudly Made in Italy.

Wireless pre-coding*, accessible with the 884 Decryptor Mini 884 Decryptor Ultegra, is the new function for the pre-coding of Mavik, or any other remote controls, in a few simple steps from the KCT App or from the Keyline Cloning Tool software.

Mavik is equipped with:

- 4 open and close buttons to accommodate the original remote control models.
- Flip key system with reclosable Keyline metal insert. Perfectly compatible with the Keyline range of key blades.

All the brands and trade marks mentioned here are the exclusive property of the respective car manufacturers or groups.
*For the pre-coding of Abarth®, Alfa Romeo®, Fiat® and Lancia®, 884 Decryptor Mini must be equipped with Bluetooth & Power Adaptor 2.0.
